You do not have to provide as many as five achievements, but you cannot list more than five. For each matter, be as specific as possible about the group's role, key dates, and what took place during the time frame. Include specifics such as jurisdiction, case names, and deal info, including the companies involved and the dollar amount. Explain the significance of the achievement.

- **Anything else related to the group's work we should know? (300 words max.)**
Please keep this section to work-related matters. Feel free to describe more matters that you didn't highlight above, or talk about other projects the group has worked on in the past year.
